RE: Agency Regulatory Plan - Apalachee Regional Planning Council

Dear Mr. Plante and Ms. Royal:

Section 120.74, Florida Statutes, requires all agencies to prepare a new agency regulatory plan each year. The required elements of the plan for the Apalachee Regional Planning Council (ARPC) are as follows:

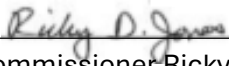

- a) No laws were enacted or amended during the previous 12 months.
- b) No new laws are expected to be implemented by rulemaking before the following July 1st.
- c) There is no desired update to the prior year's regulatory plan.
- d) The ARPC Chair and Executive Director certify that they have reviewed this plan, and that the agency regularly reviews its rules. The existing rules were most recently reviewed in association with the preparation of this report. The existing rules were determined to remain consistent with the agency's rulemaking authority and the laws implemented.
- e) As part of the five-year rule review process required under Chapter 120, Section 120.5435, Florida Statutes, the ARPC will review the following rules. These are the only rules currently adopted by ARPC. Since we anticipate completing the review within the first year, no additional rule reviews are expected in the subsequent years.

List of Current Rules

Chapter 29L-2	DRI Review Process (repealed)
Chapter 29-L3	A-95 Review Process, LGCPA, Regional Plan Reviews, and other review procedures (repealed)

As of September 30, 2025, the Apalachee Regional Planning Council reviewed all of its rules and determined that they remain consistent with the agency's rulemaking authority and the law implemented.
