Dial-In Number: 1-877-309-2073

Conference Code: 770-128-909

WELCOME, PURPOSE, AND FORMAT

This public workshop allows residents the opportunity to discuss unmet transportation needs, or any other topic that relates to local transportation services. Agencies are encouraged to discuss transportation needs as long as it does not concern contract negotiations.

Anyone wishing to speak must complete a speaker's card. Please be mindful to direct your comments to the Board and not to the CTC or staff. The Board will not discuss or address policy. The Board may ask questions of you to better understand your comments.

Comments will be limited to five minutes. If additional time remains after everyone wishing to speak has spoken, you may be asked to continue your comments.

Written comments will be accepted until November 30, 2020. Written comments should be submitted to the address listed below, or electronically to keastberg@arpc.org
