Complaint & Grievance Procedures***

PURPOSE

The purpose of the complaint and grievance process is to resolve issues affecting the service delivery system and administration of the transportation disadvantaged program in a timely manner.

AUTHORITY

41-2.012(5)(c), Florida Administrative Code.

Appoint a Grievance Committee to serve as a mediator to process and investigate complaints from agencies, users, potential users of the system and the Community Transportation Coordinator in the designated service area, and make recommendations to the Transportation Disadvantaged Coordinating Board for improvement of service. The Transportation Disadvantaged Coordinating Board shall establish procedures to provide regular opportunities for issues to be brought before such committee and to address them in a timely manner.

These procedures are in accordance with the *Local Grievance Guidelines for Transportation Disadvantaged Services* prepared by the Commission for the Transportation Disadvantaged, dated February 2010.

HEARING & DETERMINING A GRIEVANCE

There is a distinct difference between “hearing” a grievance, and “hearing and determining” a grievance. There is no bar to a person or entity listening to or “hearing” a grievance. An entity may even investigate them, from a purely fact-finding perspective, as long as it does not, in the course of its investigation, impose requirements on third parties that are not supported by statute or contractual agreement.

However, when an entity makes a determination of the rights, duties, privileges, benefits, or legal relationships of specified person or persons, it is exercising “adjudicative” or “determinative” powers. Deciding a grievance between two independent parties may fall within these parameters, depending on the nature of the grievance.

It is noted that Chapter 427, F.S. grants no adjudicative powers to anyone. However, Rule 41-2, F.A.C. does provide for grievance process at the local level.

DEFINITIONS

Commission for the Transportation Disadvantaged (Commission) – A statewide agency created to accomplish the coordination of transportation services provided to the transportation disadvantaged.

Community Transportation Coordinator (CTC, Coordinator) – A transportation entity that ensures that coordinated transportation services are provided to serve the transportation disadvantaged population in a designated service area. CTC is required to:

- ❖ Post a toll free telephone number for reporting complaints, grievances and commendations in all vehicles in plain view of riders,
- ❖ Periodically notify the riders of the grievance process,
- ❖ Respond to all requests for the grievance process,
- ❖ Provide, upon request, the grievance process in a format accessible to persons with disabilities,
- ❖ Provide a copy of the grievance process to agencies contracting services,
- ❖ Provide a copy of the grievance process to all transportation operators, and
- ❖ Advise customers of the Commission for the Transportation Disadvantaged Ombudsman Program and Hotline Number.

Complaint – Routine incidents that occur on a daily basis, are reported to the driver or dispatcher, or to other individuals involved with the daily operations, and are resolved within the course of a reasonable time period suitable to the complainant. Local service complaints are driven by the inability of the Community Transportation Coordinator or transportation operators, not local service standards established by the Community Transportation Coordinator and local Coordinating Board. If the Community Transportation Coordinator is also an operator, their statistics on service complaints should be included. Local standards should be developed regarding the reporting and parameters of service complaints.

Service complaints may include but are not limited to:

- ❖ Late trips (late pick-up and/or late drop off),
- ❖ No-show by transportation operator and/or client,
- ❖ Client and/or driver behavior,
- ❖ Passenger discomfort,
- ❖ Service denial (without an explanation as to why), and
- ❖ Others, as deemed appropriate by the TDCB.

Grievance – A formal grievance is a written complaint to document any concerns or an unresolved service complaint regarding the operation or administration of transportation disadvantaged services by the Community Transportation Coordinator, Transportation Operators, Planning Agency, or Transportation Disadvantaged Coordinating Board. The Grievant, in their formal complaint, should demonstrate or establish their concerns as clearly as possible.

Grievances may include but are not limited to:

- ❖ Chronic or recurring or unresolved service complaints,
- ❖ Violations of specific laws governing the provision of transportation disadvantaged services,
- ❖ Contract disputes (agencies/operators),
- ❖ Coordination disputes,
- ❖ Bidding disputes,
- ❖ Agency compliance,
- ❖ Conflicts of interest,
- ❖ Supplanting of funds,
- ❖ Billing and/or accounting procedures, and
- ❖ Other, as deemed appropriate by the TDCB.

Ombudsman Program – A toll free telephone number established and administered by the Commission to enable persons to access information and/or file complaints/grievances regarding transportation services provided under the coordinated effort of the CTC.

Planning Agency – An entity responsible for transportation planning and serves as staff to the Transportation Disadvantaged Coordinating Board.

Transportation Disadvantaged (TD) – Those persons who, because of physical or mental disability, income status, or age or who for other reasons, are unable to transport themselves or to purchase transportation and are, therefore, dependent on others to obtain access to health care, employment, education, shopping, social activities, or other life-sustaining activities, or children who are handicapped or high-risk or at-risk as defined in Section 411.202, Florida Statutes.

Transportation Disadvantaged Coordinating Board (TDCB) – An entity to provide assistance to the CTC relative to the coordination of transportation services.

Transportation Operator – An entity engaged by the CTC to provide service to transportation disadvantaged persons pursuant to a Transportation Disadvantaged Service Plan.

COMPLAINT PROCEDURE

1. Complaints, verbal or written, may be initiated by anyone regarding anyone or any situation, even another customer.
2. Determine if the complaint is valid. The complaint must contain: customer name, telephone number and/or address of person making the report in order to be contacted for additional information or to update on status, occurrence date and time (if time is available), and information regarding the complaint (service, policy or vehicle concern). If the customer wants to remain anonymous, the validity is questionable. However, the complaint may still need to be resolved.
3. If the complaint is not valid, determine if follow up is necessary. If no, close and file.

4. If the complaint is valid, complete a complaint form and start research. All critical issues must be written up and be handled immediately with supervisory action. Critical issues include, but are not limited to, physical, verbal or substance abuse, and any life-threatening situation (reckless driving, client abandonment, accidents/incidents).
5. If there is resolution at intake (client accepting response to complaint), close and file.
6. If there is no resolution at intake, the Coordinator has 10 working days to resolve the complaint. A maximum of 20 working days can be taken if there are extenuating circumstances. If there are extenuating circumstances, the Coordinator will contact the customer after initial 10 working day period to update the status of the complaint. Responses may be verbal or in writing. If there is any doubt about the customer's satisfaction, a written response should be recorded.
7. If the customer is satisfied with the resolution, close and file. If not satisfied, inform them of the formal grievance procedures, close and file.
8. Continual and/or unresolved complaints may be an indication of an operational issue that needs to be addressed. Quarterly, the CTC will compile a report for the TDCB to review. The report will contain information regarding the categories and types of concerns reported and how the CTC responded to the concerns. The report will also note how many unresolved complaints remain. Also, the TDCB should be made aware of any complaints that are serious and/or unresolved.

The resolution to complaints will vary depending on each situation. Some complaints can be resolved while speaking with the customer and others will require research in order to be resolved. The following chart depicts how certain complaints should be handled.

Received From	Response	Priority	Time Frame
Customer	Verbal/Written Verbal/Written	Quick Resolution Critical	Immediately Within 10 working days
Agency	Verbal/Written	Depends on the agency	Within 10 working days
Legislative	Written	Depends on the issue	When situation is resolved. ASAP
