Russell, Chris	U.S. EPA
Oztan, Mehmet	FAMU/FSU RIDER

Staff:

Patten, Logan	Apalachee Regional Planning Council
Levings, Christian	Apalachee Regional Planning Council

2. Approval of Minutes

- a. A quorum was present, and Mr. Bradshaw called for a vote for approval for the September 17th, 2025, meeting minutes. The minutes were approved unanimously after a motion by Allen Willis and a second by Kevin Timmons.

3. Chairman's Report

- a. The Chairman deferred to Staff for updates

4. Staff Updates – Logan Patten provided the following updates.

- a. Updates from the November SERC meeting.
 - i. TTF – HazMat team assessments are being scheduled. Starting with self-assessments that were sent to Hazmat teams. The state is looking to inventory all capabilities throughout the state so they know what they have for response within the state as well as to provide for mutual aid to other states.
 - ii. LEPC – Hazmat Symposium moving forward with planning despite the government shutdown. LEPCs are encouraged to compile a list of possible attendees.
 - iii. SERC – Had a presentation on the dangers of throwing away LI batteries. Batteries can start on fire in the truck which then has to dump the load in a parking lot or on the side of the road creating a bigger hazard.
- b. Mr. Patten indicated that no trainings were hosted this quarter as the HMEP contract still has not gone out to the LEPCs.
- c. No upcoming trainings have been scheduled until the new HMEP contract is finalized.
- d. Mr. Patten informed the LEPC that the first HA deliverable was completed in November with visits taking place in Gadsden and Calhoun counties.
- e. Mr. Patten informed the LEPC that a commodity flow study will begin taking place once the HMEP contract is received.

5. Hazardous Material Releases – FDEP

- a. Heather Perkins provided information on 3 hazardous releases throughout the region including Quincy, dealing with a car spray pain issue, Jackson county, and a fire at the Georgia Pacific plant in Liberty County that ended up not being a hazmat issue.

6. Presentations

- a. FAMU/FSU College of Engineering RIDER program spoke on their various offerings to the LEPC community. RIDER works to identify vulnerabilities and to improve infrastructure and also works to help with water management.

7. Other Business

- a. City of Tallahassee – Full-scale exercise at TLH International Airport will take place in February.

- b. FEPA – Conference will take place Jan 25-30 in Miramar Beach
- c. Leon County Emergency Management – Currently planning for the 2026 Cross Country World Championships which will take place at Apalachee Regional Park
- d. Tallahassee State College – Inventory of chemicals on campus
- e. Big Bend Healthcare Coalition – next meeting will take place on January 8th. Coordinating Pulsara for the airport exercise. Hosting shelter in place train the trainer series.
- f. Tallahassee FD – Have started self assessment. Have starting using drone first responders to assist to responses.
- g. Leon EMS – Preparing for World Athletic event in January
- h. Leon DOH – Planning a healthcare partner networking event for spring.
- i. DOH – Planning a strike team, multi-day exercise.
- j. FAMU – developing a severe winter weather plan.

8. 2026 FL HazMat Symposium – Mr. Patten discussed the upcoming hazmat symposium. A list has been started for attendees but without the HMEP contract in place, the LEPC will not have funding to sponsor attendees.

9. Public Comment – No public comments were made

10. Adjournment

- a. The meeting was adjourned at 11:17 A.M. by motion of Gray Bevis and seconded by Allen Willis.

Signed:
